1. Introduction

The National Career Service (NCS) is a flagship employment and career development initiative launched by the Government of India to provide a comprehensive platform connecting job seekers, employers, career counselors, skill providers, training institutions, and placement organizations.

The scheme was launched as a Mission Mode Project to modernize and transform the traditional employment exchange system into a technology-driven employment ecosystem. NCS serves as a one-stop solution offering employment-related services, career counseling, vocational guidance, skill development information, apprenticeship opportunities, internships, and job matching services across India.
